April Showers Bring Major Change

Hey Neighbors,

Happy Spring! I'm excited to see the snow has gone and (hopefully) won't be returning until next winter in Minnesota. I've heard a lot of conversations about planning garden plots and starting seedlings in kitchens, so hopefully we will see the fruits of those labors soon!

At last week's Board of Director's meeting some major changes took place that impact how PPA is run. The first was that the Board chose to postpone the Annual Meeting until September of this year. We do not have a specific date yet, but will let you know. The Board members and officers understand that this extends their terms for another 6 months, and are willing to serve that time for their community. A motivating factor in this decision are the upcoming bylaws proposal. If you have any questions or comments on this bylaws draft please send them to [Vince Netz](#).

The other large change in PPA's operations is moving the fiscal year from a May-April year to the calendar year. This was to match up with City of Minneapolis grant cycles.

Last but not least is the launch of the new neighborhood website, www.prospectparkmpls.org. Volunteers have been working very hard to get the new website ready, and they have succeeded in creating a beautiful, clean and user-friendly website with a wealth of information about Prospect Park and the services and amenities that can be found here. Please take a look at the website and share it with your neighbors!

Happy April, Jessica

PPA Community Engagement Coordinator

Annual Meeting Moved to September

On Monday, March 28 the Board of Directors voted to move the Annual Meeting from April to September. This change is largely to accommodate the upcoming bylaws revisions that will be proposed to the Board of Directors. The current Board accepts the 6 month increase in their terms and will continue serving their community capably. Information about the date and location will be released this summer. If you have any questions about the change in date please email [Vince Netz](mailto:Vince.Netz).

New Website Launched

The Prospect Park Association is excited to announce the launch of the newly re-designed neighborhood website, www.prospectparkmpls.org. The new website features the extensive content from the previous website, now with a cleaner look and mobile-friendly format.

Visitors to the new website can stay up-to-date with information about Prospect Park including annual events, meetings, neighborhood organizations and more. The website features simplified navigation for both desktop and mobile devices. Other features include online registration for PPA membership and the monthly newsletter, along with a link to donate to PPA online.

The website's new look features photography from local photographers and the new visual identity that is being rolled out across various communication mediums to identify both PPA and the Prospect Park neighborhood.

Bylaws Revision Update

Great progress has been made on the new PPA bylaws. Four listening sessions were held during February and March with 21 total attendees. Over 100 written comments have been received from 13 neighbors between January and March. About 66% of this feedback has already been adopted and further work on the remaining comments is underway. Finally, the City of Minneapolis recently provided a highly favorable review and some further valuable suggestions. The latest draft and supporting documents will be made available on the PPA website and through the PPe-List on April 14. To continue with PPA's commitment to an open and inclusive process, two more public listening sessions are scheduled for Saturday April 16 at 10am and Wednesday April 20 at 6pm at the PPA offices (2828 University Avenue SE, Suite 200).

Parking Restriction on Melbourne

At the March 28th Board of Directors meeting the Board reviewed the policy of one-sided winter parking on Melbourne Avenue. City Council Representative Cam Gordon asked PPA to review the policy that was suggested last winter in light of a petition signed by many residents of Melbourne, who feel that insufficient outreach to them led to a parking restriction that decreased safety and increased the burden of finding street parking. The Board chose to rescind its support of the parking restriction, and notified Representative Gordon's office of that decision.

Canoeing, Anyone?

Explore the wilderness right in the heart of the city on the Mississippi National Riverway. Southeast Seniors is teaming up with Wilderness Inquiry (WI) for a day long canoe-trip on the Mississippi from 10 am to 3 pm on Saturday, June 11. Each of the voyager canoes holds 8 people and an experienced guide. People over 65 are invited to bring themselves, friends and family. ALL ages and abilities are welcome. (Note - WI is well known for taking people with all abilities into the wilderness.) Fee (\$35 per person) includes all paddling, safety gear, and lunch. This trip is a collaboration between the two organizations to introduce WI as a resource to keep seniors in Southeast engaged in outdoor activities. Help Build Our Community!

Prospect Park Association relies on the hundreds of families and individuals who care deeply about the future of our neighborhood. Although the City of Minneapolis contributes to our budget, most of what we do would not be possible without the voluntary contributions of expertise and financial resources of our neighbors.

PPA is organized for neighbors to define what is important in Prospect Park and to make the neighborhood a welcoming and livable community. We all have a stake in Prospect Park's vitality, and we invite you to join your voice with ours. [Please consider a tax-deductible contribution today.](#)
